## ATTENDANCE POLICY

At Alpha Neurobehavioral Clinic, your care and well-being are our greatest concern. We have an attendance policy for care at our practice. First, and most importantly, regular attendance at scheduled follow-up appointments is crucial to the success of your treatment. Additionally, missed appointments complicate access to the clinic for others and place our ability to continue to provide services in jeopardy. We schedule all appointments for an hour or more for your care. Being respectful of your time, other patients, and our provider's time, we require a minimum of 24-hour notice prior to any canceled appointment. This will allow us time to fill the appointment slot to maximize access to our clinic. Failure to provide 24 -hour notice prior to missing a scheduled appointment or no-showing for an appointment will be treated the same.

- Each missed appointment will incur a \$50.00 charge.
- If 2 (two) or more appointments are missed within a 6-month period with less than 24-hour notice or without notice, any future appointments will be canceled and the patient will only be allowed to schedule one appointment at a time.
- If more than 4 (four) appointments are missed within a 6-month period with less than 24-hour notice or without notice, the patient's care can be terminated with our clinic.

We will make every effort to work with you to schedule appointment times/days that are easiest for you to attend. However, no exceptions will be granted this policy. We appreciate your cooperation and understanding.
